NOTE: The airfield is surrounded by a ditch.

Contact ST.PETER INFO at least 5 MIN prior to reaching the AD.

Within AD traffic listening watch shall be maintained.

Approaching powered ACFT shall enter the traffic circuit from outside.

Low approaches are permitted for flight operational reasons only. After a go-around the traffic circuit shall be flown as established.

Night DEP and LDG shall be performed on the lighted parts of the manoeuvring area only. The pilot is responsible for taxiing on the apron and the parking areas.

Avoid overflying of built-up areas in the vicinity of the AD.
